ACCESSORIES

A full-page background image featuring a powerful waterfall cascading down a steep, rugged cliff. The cliff face is covered in patches of green moss and lichen, giving it a textured, natural appearance. The water is white and frothy as it falls, creating a misty spray at the base. The sky above the cliff is a pale, hazy blue. The overall mood is serene and majestic.

Enjoy the ultimate
serenity in
showering experience!

Now you can Indulge in the luxury of shower designed for you by Watertec Showers. We offer many styles and options be it classic or bold fashion shower sets with thermostatics, body sprays, handshowers showerheads, digital controls...that will transform your showering experience to a new level. Our products are available with several finishes; multifunctional options, attractive designs and unbeatable prices

THERMOSTATIC WITH MULTI FAUCET SHOWER SYSTEM

0.5s Response Digital Display
No Need to Test the Water Temperature in Person

The water temperature can be displayed on the panel in real time, it lights up when it is turned on, which makes the elderly and children feel reassuring in bathing.

With intelligent thermostatic cartridge, the water temperature will not be sometimes hot and sometimes cold, which can prevent the elderly and children from being scalded.

With Thermostat Lock

Not Pressed

Water temperature is constant at 40°C and can only be lowered

Pressed

Can be adjusted to more than 40°C, and the maximum constant is 49°C

40cm Super-large Storage Body

Placement of toiletries and function control do not affect each other.

59A Refined Copper Casting Inner Body

Waterway core is made of high-quality total copper, which is cast integrally. Its uniform wall thickness and strong compression resistance makes it more durable.

Piano Key Operation

Toughened Hydrophobic Glass
Nano-coating
High-efficiency
Scale Resistance

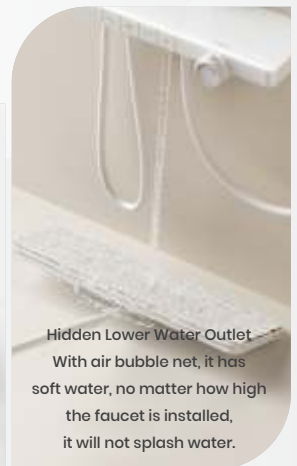

With water purification filter, which can effectively remove chlorine

Scientific and Technological
Real-time Digital
Display

Hidden Lower Water Outlet
With air bubble net, it has soft water, no matter how high the faucet is installed, it will not splash water.

The main body of the faucet is equipped with a filter element, which can strongly absorb residual chlorine in the water to prevent skin from scalding.

Baby Shower with Spray Function

THERMOSTATIC WITH MULTI FAUCET SHOWER SYSTEM

Dense Spray

With **244 pcs 0.3MM** water nozzles, the spray is dense and does not sting the skin.

Enjoy the invigorating tune of a shower with LUXE' range. Maximum indulgence at minimal cost. Upgrade your bathroom from a range of Shower columns, OHS, Hand showers & Rain showers.

Watertec Rain showers are thoughtfully designed to deliver premium showering experiences. These feature-rich showers have been designed to offer a luxurious full spray. While the Fast Clean shower nozzles prevent lime build-up, the new, improved Rain Spray dispenses 50% larger, softer water droplets. Besides, the Freeze Function ensures a drip-free showerhead after usage. Experience exhilarating showers at the click of a button - ranging from a pulsating rain to a relaxing waterfall to a gentle mist or a dual waterfall.

FEATURES :

Balance Technology
Improve spray force by 3 times

Self-cleaning technology
Self cleaning ensures fluent running water.

Water-saving technology
Super water-saving technology makes it environment friendly.

Raining technology
Special structure makes the shower like rain drops.

Simple and comfortable
Humanized design, easy switch, easy installation, easy use and easy maintenance

Air-intake technology
Flow force is used to intake air and mix it with water, to multiply the oxygen content.

Hand Shower

Hand Shower

Core technology

Enjoy MAXIMUM PRESSURE always with the

SELF-CLEANING SHOWER HEAD that will never block up.

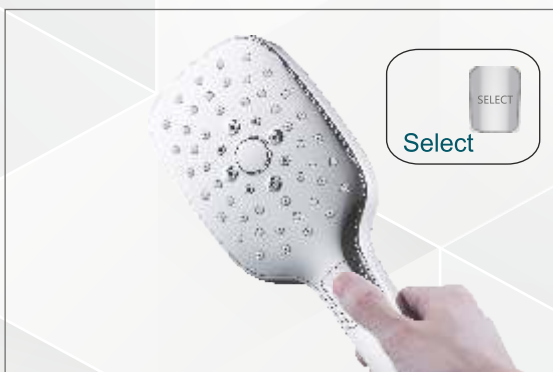

Avoiding the hassle of having to clean hard to reach shower heads.

Tested to last OVER 50 YEARS of showering (100,000 cycles)

The Self-cleaning Hand Shower deliver a total coverage and continuous pressure spray that will never weaken due to the build-up of lime scale.

Eco-Friendly water-inlet pipes to isolate with chrome plating, make showering environmental and comfortable.

Small button with variety functions:

Touch to change modes - "Spray" , "Jet-Spray" ,
"Spray+Jet-Spray".

Air infused technology

An intellectual method of mixing air & water.

1:3 of air & water combines to form numerous bubbles
making the spray soft and comfortable.

ONE-CLICK SWITCH-FUNCTION

SELECT

Powerful rain shower, enjoy showering sensation

Soft shower column, eases physical fatigue

Joyful mixed rain and column water, most perfect shower experience

Press gently, to enable spray functions.

Warranty

WARRANTY GUIDE

This warranty is not valid or effective if the products are not installed according to the installation guide. Improper handling of the products automatically terminates and nullifies this warranty. Improper care and cleaning will void the warranty.

The warranty period will start from the date of invoice. It shall automatically terminate upon the expiry of the warranty period even if the products have not been installed after purchase or have been in use for any part or whole of the warranty period for any reason whatsoever.

In the event of any repairs/replacement of any parts of the product, this warranty shall thereafter continue and remain in force only for the unexpired period of the warranty and no extension of the warranty period will be granted. This warranty is only applicable for manufacturing defects and under no circumstances will the manufacturer be liable for any other defect caused due to indirect, incidental and consequential damages of any kind.
